In this context, the HSP and the LHIN agree that the provision of services to the local health system by the HSP will be funded as set out in this Agreement.

 - (i) the LHIN may deduct the amount equal to the unused Interest Income from any further Funding instalments under this or any other agreement with the HSP; and/or
 - (ii) the LHIN may require the HSP to pay an amount equal to the unused Interest Income to the Ministry of Finance.

4.7 **GST.** The HSP:

- (i) acknowledges that all GST rebates it anticipates receiving from the use of the Funding have been incorporated in its Budget;
- (ii) agrees that it will advise the LHIN if it receives any unanticipated GST rebates from the use of the Funding, or from the use of funding received from either the LHIN or the MOHLTC in years prior to this Agreement that was not recorded in the year of the related expenditure;

Interest earned on Funding will be reported and recovered in accordance with subsection 4.6.
- 5.3 **Settlement and Recovery of Funding for Prior Years.**
- (a) The HSP acknowledges that settlement and recovery of Funding can occur up to seven years after the provision of Funding.

All such settlements and recoveries will be subject to the terms applicable to the original provision of funding.
- 5.4 **Debt Due.**
- (a) If the LHIN requires the re-payment by the HSP of any Funding the amount required will be deemed to be a debt owing to the LHIN by the HSP. The LHIN may adjust future funding instalments to recover the amounts owed or may, at its discretion direct the HSP to repay the amount owing to the LHIN
- (b) All amounts repayable to the LHIN will be paid by cheque payable to the "Ontario Minister of Finance" and mailed to the LHIN at the address provided in section 13.1.
- 5.5 **Interest Rate.** The LHIN may charge the HSP interest on any amount owing by the HSP at the then current interest rate charged by the Province of Ontario on accounts receivable.

(b) **Multi-Year Planning.** The CAPS will be in a form acceptable to the LHIN and will incorporate (i) prudent multi-year financial forecasts; (ii) plans for the achievement of performance targets; and (iii) realistic risk management strategies. It will be aligned with the LHIN's Integrated Health Service Plan and will reflect local LHIN priorities and initiatives. If the LHIN has provided multi-year planning targets for the HSP, the CAPS will reflect the planning targets.

(c) **Multi-year Planning Targets.** Schedule B may reflect an allocation for the first fiscal year of this Agreement as well as planning targets for up to two additional years, consistent with the Term of the Agreement. In such an event,

(i) the HSP acknowledges that if it is provided with planning targets, these targets are (A) targets only, (B) provided solely for the purposes of planning, (C) are subject to confirmation and (D) may be changed at the discretion of the LHIN. The HSP will proactively manage the risks associated with multi-year planning and the potential changes to the planning targets.

(i) the LHIN agrees that it will communicate any material changes to the planning targets as soon as reasonably possible.

(d) **Service Accountability Agreements.** The HSP acknowledges that if the LHIN and the HSP enter into negotiations for a subsequent service accountability agreement, funding may be interrupted if the subsequent accountability agreement is not executed on or before the expiration date of this Agreement.

6.2 Community Engagement & Integration Activities

(a) **Community Engagement.** The HSP will engage the community of diverse persons and entities in the area where it provides health services when setting priorities for the delivery of health services and when developing plans for submission to the LHIN including but not limited to CAPS and integration proposals.

6.3.2 LHIN Evaluation of the Pre-proposal: A pre proposal is not formal notice of a proposed integration under s. 27 of the Act. LHIN consent to develop the project concept outlined in a pre-proposal does not constitute approval to proceed with the project. Nor does LHIN consent presume the issuance of a favourable decision, should such a decision be required by section 25 or 27 of the Act. Following the LHIN's review and evaluation, the HSP may be invited to submit a detailed proposal and a business plan for further analysis. Guidelines for the development of a detailed proposal and business case will be provided by the LHIN.

6.4 Proposing Integration Activities in the Planning Submission. No integration activity described in subsection 6.3 may be proposed in a CAPS unless the LHIN has consented, in writing, to its inclusion pursuant to the process set out in 6.3.2

As such, it is not liable for contracting with, employing or terminating a contract or the employment of any personnel of the HSP required to carry out this Agreement, nor for the withholding, collection or payment of any taxes, premiums, contributions or any other remittances due to government for the personnel required by the HSP to carry out this Agreement.

The Notice will also advise the HSP that the LHIN will terminate the Agreement

Key Messages:

- In the last year PCH has become part of Cheshire Independent Living Services (CILS) which is a joining together of Helen Homes (Brampton), Carey House (Burlington), Burlington Outreach Program, Peel Cheshire Homes (Brampton) Inc. and Cheshire Homes Streetsville.
- People who need attendant services use services for the entirety of their lives, are living longer with medical technology, have changing needs as they age and acquire age related diseases earlier than the general population (at about 50 years of age). They also have much higher incidents of chronic diseases like diabetes and arthritis.
- Services in this sector are more clearly reflected by hours of service rather than a day of service because an average number of hours of service in Supportive Housing often exceed 5 hours per day.
- PCH is a registered not for profit that follows CRA guidelines and files T3010 each year.

B. Advancement of the Integrated Health Services Plan (IHSP)

PCH has identified and integrated services to provide appropriate, coordinated, effective and efficient services by becoming a part of Cheshire Independent Living Services (CILS) which is a joining together of Helen Homes (Brampton), Carey House (Burlington), Burlington Outreach Program, PCH and Cheshire Homes Streetsville.

At CILS we all work together in a professional and proficient manner by sharing leadership positions, staff training, payroll, book keeping, on call, administrative support, legal, audit and human resources services.

PCH engages the community of diverse persons by providing services whenever possible in the consumer's language of choice and offers services in a way that respects the culture, beliefs and ideals of that person.

PCH assists in supporting wait list strategies by providing services within days of outreach hours or residential spaces becoming available.

PCH works with other colleagues to ensure that Canada works toward ratification of the United Nation's Convention on the Rights of Persons with Disabilities.

PCH assists in the freeing up of ALC beds by providing Attendant Outreach services in the community and tailoring individualized services to the right level of support needed to allow a person to leave the hospital earlier as services are in place at home.

PCH Outreach services also make certain a person is able to remain in their home for as

long as possible therefore decreasing the number of persons in long term care or placed there when not appropriate.

CILS has developed and received funding for the Vis-Able Program which is a partnership between CILS and the CNIB to meet the needs of individuals who are experiencing a vision loss and a physical disability.

CILS has developed a partnership with Grandview Lodge in Dunnville and will be converting two vacant wings of their long term care facility into a supportive housing program.

One mail through Smart Systems for health have been implemented

PCH has participated in OHRS – MIS – pilot phase, which has positioned us to easily implement CAPS.

Provincially CILS holds memberships in and is actively involved in the Independent Living Service Providers and the Ontario Community Support Association.

C. Situation Analysis

Significant Budgetary Risks:

1. PCH is continually facing the ever increasing challenge of an aging work force along with an aging group of residents whose level of care consistently becomes more complex. As a result of the complex needs of our existing residents we need to ensure that staff and residents are providing and receiving attendant services in a safe manner that is within the scope of practice and the physical ability of a personal support worker. PCH needs to implement accommodation plans for those aging staff which will alter the work load and increase the amount of staff required per shift.
2. A significant budgetary risk is the ability to recruit personal support workers and compete with the rate of pay that is offered to personal support workers in long term care and hospitals which is about \$4.00 more an hour than we are able to pay. Without an increase in operating dollars allowing wage parity the only option to increase wages is a reduction of services to residents which is impossible based on the level of care required. PCH also is vulnerable to unionization when wages and benefits are below the norm for the sector. PCH requires increased funding to meet wage parity and continually works on recruitment and retention plans.
3. Last year PCH received one-time dollars to provide one on one services to a resident with a dual diagnosis who poses a risk to the health and safety of the residents and staff of PCH. If one time dollars are not received for this resident in 2009/10 and 2010/11 PCH will end up in a deficit position. PCH has communicated its situation to the LHIN and is working closely with LHIN staff.

“In Ontario there is unmet need, extensive wait lists and long wait times for Attendant Services for persons with physical disabilities” (Unleashing Attendant Services: Enhancing People’s Potential, Reducing Wait Times in Acute and Long-Term Health

Care – released by Ontario Community Support Association, Aug 13th 2008). To that end our turn over rate in supportive housing is minimal as most residents move in and stay for the entirety of their lives.

Because PCH provides supportive housing in a congregate setting poses its own set of challenges as it is different from the typical supportive housing environment. At times it is difficult in support a resident to live independently and make their own decisions and take risks within a group setting as their actions and behaviors can affect the other persons living in the home.

D. Evaluation of Prior Year Performance

2008/2009 has been an exciting and busy year for PCH as we have finalized our transition of joining Cheshire Independent Living Services.

Payroll, bookkeeping, administrative, senior leadership, human resources and staff training are now shared among all of the programs and we have seen great results, efficiencies and improvements.

Received one time dollars to provide one on one support for a resident who has a dual diagnosis to ensure the health and safety of the other residents and the staff at PCH.

Completed a leadership role review and made appropriate adjustments to positions and role responsibilities.

We have not had any opening in our residence and continue to provide Outreach to 36 participants.

We have met all of our annual targets.
