

**The Central West Local Health Integration Network (LHIN)** is one of 14 crown agencies that have been created in Ontario to plan, coordinate and fund local health services.

## French Language Health Services Coordinator (Brampton)

Bring your excellent leadership skills, relationship building and project management experience to a forward thinking and dynamic team. Reporting to the Senior Director of Planning, Integration and Community Engagement at the Central West LHIN, this individual will support the LHIN in the planning and development of French language health services and the engagement of the Francophone community in this process.

Responsibilities include ensuring the effective planning and coordination of French language health services, building and maintaining relationships with key stakeholders and assisting in the identification of the needs of the local Francophone population. In addition this individual will work with the French Language Health Services Office of the Ministry of Health and Long-Term Care to support the implementation of provincial initiatives and maintain linkages with various provincial and local networks to promote the development of French language health services.

Oral and written proficiency in both English and French is required, as well as an understanding of the *French Language Health Services Act* and the *Local Health System Integration Act*, and their respective regulations. Post Secondary education in a related field is expected. Experience in consultation, relationship management, planning and negotiation, preferably within the health care sector, is considered an asset. Excellent communication and presentation skills are necessary.
