"Aging at Home" - Building Momentum

What we're doing with what we heard!

**Enabling seniors to maintain active,
healthy and independent lives at home**

The Central West LHIN is ready to share its initial planning to improve community-based services to support seniors to live active, healthy and independent lives at home.

The Central West LHIN is taking the lead role in local "Aging at Home" planning and is looking for feedback from local seniors, as we work to be more responsive to their needs.

This is your opportunity to hear about our early lessons learned and opportunities for the future.

Tuesday, February 19, 2008
